

Job Title	CAD Assistant
Company	Brij & Co.
Location	Rai, Sonipat

Position Overview:

We are looking for a skilled and detail-oriented CAD assistant to support our design and product development teams in creating accurate CAD drawings, print placements and production files for garments. The ideal candidate must be proficient in CAD software and have a good understanding of garment construction.

Key Responsibilities:

- Develop accurate and clean CAD sketches for all new styles as per the design team's requirements.
- Create flat drawings and technical illustrations for presentations.
- Prepare repeat print files and placement prints as per garment size and specifications.
- Work closely with designers and merchandisers to visualize garments, trims, embroideries, and artworks.
- Ensure CAD files are correctly scaled, aligned, and layered as per production guidelines.
- Assist in developing mood boards, and trend presentations, when required.
- Maintain organized folders of all artworks, designs, and CADs for easy access and archiving.
- Coordinate with the printing and embroidery units for sampling and final artwork approvals.
- Ensure timely delivery of CAD files for sample development and production.

Qualification and Skills Required:

- Diploma/Degree in Fashion Design, Textile Design or any CAD related course.
- Proficiency in Adobe Illustrator, CorelDraw, photoshop or other CAD design software.
- Good understanding of garment construction, pattern placements and textile designs.
- Basic knowledge of printing techniques and embroidery is a plus.
- Ability to work under pressure and meet deadlines.
- Experience working in **knitwear and woven garments**.

How to Apply:

Please submit your resume and portfolio at **jobs@brij.com** and why you are the ideal candidate for this position.

Benefits:

- Competitive Salary
- Health Insurance
- Opportunities for professional development and growth
